

K-4 Virtual Learning Guidance for 2020-2021

Our guiding thought:

To provide students with continued high quality instruction and educational opportunities within virtual environments that encourage students to achieve personal growth and achievement.

Structure

- Students will attend school virtually five days per week, Monday thru Friday.
- There will be 5 hours on average per day of work time for students including lessons, connecting, engaging in lessons, completing activities, etc. (Student hours will be 9:00 am - 2:30 pm)
- Daily instruction will be provided in Language Arts and Math, whereas instruction will be provided weekly in Science and Social Studies.
- Unified Arts activities will be optional for students.

Instructional Model

- The district curriculum, aligned to the Indiana Academic Standards, will continue to be followed.
- Resource teachers, SLPs, OTs, and PTs will contact parents to implement reasonable, accessible and appropriate services to our students and continue to collaborate with general education teachers.
- Although there will be an increase in the use of digital tools and resources, not all instruction and assessment activities may be done virtually.
