ATTENDANCE

Policy 5200 Attendance, Excused Absence

Summary: (Attendance) The Board, as an agency of the State, is required to enforce regular attendance of students. Attendance shall mean to be physically present in a school or at another location where the school’s educational program is being conducted during regular school hours on a day in which the educational program in which the student is enrolled is being offered.

Summary: (Excused Absence) Exceptions to compulsory attendance that shall be recognized by the school corporation as provided by state statute are:

A. service as a page or honoree of the general assembly (I.C. 20-33-2-14)
B. service on a precinct election board or helper to a political candidate on the date of an election (I.C. 20-33-2-15)
C. subpoena to appear in court as a witness in a judicial proceeding (I.C. 20-33-2-16)
D. service in active duty with the National Guard for not more than ten (10) days (I.C. 20-33-2-17)
E. participating as a member of the Indiana wing of the civil air patrol for not more than five (5) days (I.C. 20-33-2-17.2)
F. participating in an educationally related non-classroom activity which is consistent with and promotes educational philosophy and goals of the school corporation, facilitates the attainment of specific educational objectives, is part of the goals and objectives of an approved course or curriculum, represents a unique educational opportunity, cannot reasonably occur without interrupting the school day, and is approved in advance by the school principal (I.C. 20-33-2-17.5)
G. if a student or a member of the student’s household is in good academic standing, and has an exhibit at the Indiana State Fair for educational purposes, that student may receive up to five (5) excused absences.

For any of these exceptions a student shall not be recorded as absent from school.

The Board considers the following factors for excused absences:
A. illness verified by parent communication
B. recovery from accident
C. required court attendance
D. professional appointments – Parents are encouraged to schedule medical, dental, legal, and other necessary appointments other than during school hours. When appointments are necessary during the school day, the student shall report back to school immediately after the appointment with a signed statement from the doctor, dentist, lawyer, counselor, etc.
E. death in the immediate family
F. observation or celebration of a bona fide religious holiday
G. military connected families’ absences related to deployment and return
H. such other good cause as is stipulated in the student handbooks or permitted by law

Parent/Student Responsibilities

1. IC 20-33-2 requires parents to ensure that their children attend school as required by compulsory attendance laws.
2. New Palestine High School requires telephone calls from parents by 10:00 am on each day a student is absent. Parents may call at anytime and leave a message on the voice mail attendance line, 861-4417, extension 3.
3. Students are expected and required to attend all classes to which they are assigned.
4. It is the student’s responsibility to request all make up work. Failure to complete make up work in the designated time will result in no credit. Students will not receive credit on any work completed during an absence that is a result of skipping school.
5. Parents are expected to keep the school informed during a pupil’s prolonged illness by contacting the school office every third day.
**Attendance Procedures**

The Principal, or the Principal’s designee, will maintain a record for each student’s attendance. Repeated, unreported, or patterned absences will be referred to the school administration. Incidents of extreme number of repeated, unreported, or patterned absences may result in the absences being reported to the Hancock County Prosecutor’s Office as educational neglect.

Parents will be contacted daily by phone for any student absence that is unverified by a phone call or email.

1. After six (6) unx/unv absences, parents will be notified by letter and documented in Power School. The student may be required to submit a medical note as authorized by I.C. 20-33-2-18 for absences to be considered excused. Failure to submit a medical note could result in a referral to the Hancock County Probation Department or Hancock County Welfare Department.

2. After eight (8) unx/unv absences, parents will be notified by letter and documented in Power School. The student may be required to submit a medical note as authorized by I.C. 20-33-2-18 for absences to be considered excused. Failure to submit a medical note could result in a referral to the Hancock County Probation Department or Hancock County Welfare Department.

3. After ten (10) unx/unv absences have been accumulated, a conference will be held with the parent/guardian, student, and administrator and an attendance contract will be developed. The contract may include, but is not limited to, any or all of the following: required doctors certificate for each absence thereafter, additional parent conferences, and loss of credit.

4. If a student accumulates fifteen (15) absences, the Probation Office will be notified and a letter, signed by the Probation Officer, Sheriff’s Department designee, and Prosecutor, will be sent to the student’s parent/guardian.

5. If a student accumulates 16 or more absences over a semester, the Probation Officer will be informed of each absence.

6. From this point, the Probation Officer will decide what consequences will be enforced.

7. For implementation of the New Palestine High School attendance policy, study hall and academic lab are considered classes even though no credit is offered.

8. School-sponsored or sanctioned activities are exempt from, and will not count toward, the total days of absence. It is important to note that the student is totally responsible to make up work missed on these days. (The student is also responsible for notifying his teachers when such an activity will occur.)

9. Students with five (5) or more consecutive days of absences and no parent contact may be recommended for expulsion from school.

**Make Up of Missed Work Procedure**

Assignments given by the classroom teacher to students present in the classroom are due on the due date. If the student is absent on the day the previously given assignment is due, then the student is responsible for the assignment the first day he/she returns to school. When assignments are made while a student is absent from school, the student will be allowed to make up the assignment. It is recommended that one class day be allowed for each class day absent. When an extended illness (three class days or more) occurs, the length of make-up time should be arranged with the teacher, student, and administration. After two consecutive days of absence, called-in requests for homework will be honored.
**Students Leaving School During the School Day**

Any student leaving school during the day must get permission from the office and parent, and sign out in the office according to the following guidelines prior to leaving:

1. All students leaving school during the regular school day must sign out and leave only through the main doors. Students enrolled in School to Work classes, cadet teaching or Warren Central Vocational classes are not required to sign out daily.
2. No staff member shall permit or cause any student to leave school prior to the regular hour of dismissal except with the knowledge and approval of the principal and with the knowledge of the student’s parents.
3. No student will be released to any government agency without proper warrant or written permission except in the event of emergency as determined by the principal.
4. Failure to follow proper procedures for leaving school will result in disciplinary action being taken (Friday school).

**Student Vacations During the School Year**

Students are discouraged from taking vacation during the school year. Whenever a proposed absence-for-vacation is requested, parents must discuss it with the principal. The length of absence should be made clear, and those involved should have an opportunity to express their views on the potential effects of the absence.

If a student is absent for any type of vacation, the absence will be unexcused.

A student may be given assignments and materials for completion during the absence.

Work completed during or after an unexcused absence for a vacation and submitted to a teacher will be counted.

**Unexcused Absences**

*Any absence from school for any reason not included as an excused absence or a prearranged absence is an unexcused absence.*

A. Examples include but are not limited to:
   1. Car trouble
   2. Oversleeping
   3. Missing the bus
   4. Babysitting
   5. Personal business
   6. Undocumented absences due to illness beyond the six (6) per semester confirmed by parent contact

B. Unverified Absences

   1. Definition - An Unverified Absence is any absence about which the school receives no contact from the student’s parent or guardian.

**Truancy**

Truancy is an absence without consent of a parent and/or knowledge of school officials. Students may not make up loss of classroom work resulting from a truancy. When a student is considered to be a truancy problem, he/she will be reported to the proper legal authorities. “Habitual truancy” is (absent without consent of parent or the school) defined as the accumulation of 10 unexcused absences from school during one school year. If a student of at least 13 years of age is a habitual truant, the student’s name will be reported to the bureau of Motor Vehicles in accordance with state law (IC 20-33-2-11) in addition to the penalties set out in this policy. Students who are truant from class period(s) will receive disciplinary consequences for their actions. Possible consequences are detention, attendance contract, in-school suspension, out-of-school suspension, and expulsion.

**THERE ARE NO AUTHORIZED SKIP DAYS AT NEW PALESTINE HIGH SCHOOL.**
Student Arrival and Departure

The regular time schedule includes these time signals:

7:18 a.m. Students will be permitted to leave the front lobby area to go to lockers or classrooms.
7:25 a.m. A warning bell sounds to alert students that classes begin in five minutes.
7:30 a.m. A tardy bell will ring to begin the class. All students must be in their assigned classroom by 7:30 a.m.

Students arriving after 7:30 a.m. will be considered tardy to school.

All students must leave the building by 2:30 p.m. unless under the supervision of a staff member. Students who remain in the building after 2:30 p.m. must be in a room and supervised by a teacher. Loitering in the halls is prohibited. The hallway gates will be lowered at 3:30 p.m. daily. Students staying for practices, meetings, etc. must take books and personal belongings with them to the activity since students will not be allowed to go to lockers after 3:30 p.m.

Non-Bus Students

Students who drive to school, ride with another student, or are dropped off and picked up must enter and exit through exits 1, 2, and 4.

Students Riding Buses

All students riding school buses will remain on the bus until all buses are directed to unload at 7:18 a.m. At the end of the school day, bus students must immediately board the school bus.

Bell System

Students are given five (5) minutes to get from one class to another on block schedule days and five (5) minutes on seven period days. During this time, three bells will ring. The first bell is to dismiss the class, the second bell is the one-minute warning, and the third bell is to begin the new period. All students must be in their classroom when the bell rings.

Passes

Every student is assigned to a faculty member during each period of the school day. Each faculty member is responsible for the students assigned to him/her for each period regardless of where he/she may be in the building.

Thus, each student who leaves a classroom must have a pass slip properly signed and timed. This pass slip will be issued to the student by the teacher for whom the student is working.

When a pass slip is issued to a student, it is with the understanding that it will be eventually returned to the teacher issuing it, either by the student himself, or by its being obtained by the teacher through the mailbox. If a student has been issued a pass slip and it has not been returned, he will not be issued another until the first pass has been returned.

Tardiness Procedures

Tardiness, unless a student is detained by a staff member, is defined as any unexcused appearance of a student beyond the scheduled time that a class begins. Any pupil who is not in the classroom when the last bell rings will be counted tardy.

Almost all tardiness is avoidable. Tardiness disrupts not only the school program, but also the progress of the class. It interferes seriously with the educational atmosphere. Habits of punctuality and promptness are the chief elements of reliability. Lack of such habits cannot help but be detrimental to a successful life. Future employers and college entrance boards, have a high regard for promptness. Plan to arrive early. Allow for emergencies.

Parents are requested to contact or phone the school before the student arrives tardy to school. However, this does not excuse the tardiness.

Work, fatigue, visits, business, hunting, fishing, car trouble, oversleeping, missing the bus, and truancy will be unexcused. Students arriving tardy to school (after 7:45 a.m.) will be required to sign in at the main office.

Excessive tardiness is defined as ten (10) total tardies per semester. Any student receiving a cumulative total of ten (10) tardies to all classes during the semester, will be placed on a contract to determine future consequences for tardies including, but not limited to, extra time assigned after school, in-school suspension, out-of-school suspension, loss of opportunity to earn credit, and/or a recommendation for expulsion.
ALL TARDIES ARE CUMULATIVE.

1st and 2nd Tardy: Recorded/verbal warning
3rd and 4th Tardy: After-school detention
5th, 6th, 7th, and 8th Tardy: Friday School and Written Contract at the discretion of the Assistant Principal or Dean on the 9th Tardy
9th and above: Suspension at the discretion of the Assistant Principal or Dean

DETERMINATION OF LEGAL SETTLEMENT AND ELIGIBILITY OF ENROLLMENT OF STUDENTS WITHOUT LEGAL SETTLEMENT IN THE CORPORATION

Policy 5111 Determination of Legal Settlement and Eligibility for Enrollment of Students Without Legal Settlement in the Corporation

Summary: The Board will educate, tuition free, students who have legal settlement in the Corporation, and students enrolled according to the requirements of I.C. 20-26-11. In addition to students with legal settlement in the Corporation, students without legal settlement in the Corporation (hereafter referred to as “transfer students”) will be enrolled in compliance with I.C. 20-26-11-32. Transportation will not be provided by the School Corporation for transfer students accepted for enrollment. No transfer student shall be accepted for enrollment for athletic reasons. Transfer students may be charged transfer tuition according to Board Policy 6150.

Withdrawal From School

In order for all necessary records to be completed, parents should contact Student Services, either in writing or by telephone (861-4417 Ext. 123), as soon as a withdrawal date is established. Early notification will ease the transition for the student from New Palestine High School to the new school. This procedure will also assist the school in providing the parents and/or receiving school with the appropriate school records. All fees must be paid before the withdrawal process is complete. On the morning of the student’s last day of attendance, a withdrawal form must be obtained from the Guidance Office and completed. Students are required to turn in all books to their teachers as they go through the schedule on their last day of attendance.

ACADEMICS

Curriculum

The Southern Hancock Schools curriculum is developed by staff for use at all schools and is aligned with the Indiana Academic Standards. Curriculum documents are developed prior to the selection of appropriate texts and materials. Each grade level subject area has specific goals; activities are then planned so that each student has an opportunity to achieve these goals. Specific information can be gained from curriculum documents, parent nights, weekly newsletters, and most certainly, teachers or principal.

There are four nine-week grading periods during the school year.
**Grades**

**GRADE POINT AVERAGE & CLASS RANK**

Grade point average is computed by assigning numerical equivalents to letter grades as illustrated below:

**FORMULA FOR DETERMINING CLASS RANK**

Cumulative grade point average = Total cumulative points / Total attempted classes

The students would then be ranked from highest to lowest by the cumulative grade point average.

Class rank is computed at the end of each semester. All classes count equally in the computation of class rank.

Weighted Courses: College articulated classes and AP classes will receive an additional .01 GPA point weight when the student completes the AP exam and received at least a C in the course. Beginning with the Class of 2011, a three-tiered GPA system will be put in place. See the Curriculum Offerings Book or your guidance counselor for a list of weighted courses. Report cards are issued during the week following the end of the school grading period. Accomplishment in a subject area is the basis of giving marks. Each student enters the class with a grade of “0.” The grade accumulates during the grading period.

The following gives the interpretation to be placed on the different grades:

An exception to the grading policy may occur in the college credit classes taught through a university. In such cases, the university system of grading will take priority.

The Mark “INC” (Incomplete), should be given only to a student who has been unavoidably absent from class during the marking period and whose record, while present, was definitely passing. When the missed work is made up within the time limit set by teacher, the INC may be changed to reflect the quality of work for that grading period.
Schedule Changes
Schedule changes should be made during registration prior to the start of the school year. During the first week of each semester, schedule changes will only be made (1) if the student has already taken the course; (2) if a different course is necessary to meet graduation requirements; (3) if the student wishes to increase the rigor of his/her schedule; or (4) if the student has an incomplete schedule. ANY OTHER SCHEDULE CHANGES WILL REQUIRE A MEETING WITH THE PARENT, STUDENT AND HIS/HER ASSIGNED GUIDANCE COUNSELOR. New Palestine High School does not accept teacher requests/changes from parents or students.

Honor Roll
The purpose of the Honor Roll is to recognize superior achievement and to encourage students to strive toward academic excellence. The Honor Roll is calculated at the end of each grading period. To be eligible for the Honor Roll, a student must have a 3.00 (B) average with no grade lower than a (C) in full credit subjects. To be eligible for the High Honor Roll, a student must have a 3.70 (A) average with no grade lower than an (A-) in full credit subjects.

Final Exams
Final exams may be administered in each class; however, the exam will be a part of the 9 weeks grade. The last week of each semester will be a normal schedule. Each nine weeks grade will be 50% of the semester grade.

Withdrawal From School
Students will not be permitted to withdrawal from school until they are 18 years of age and have participated in an exit interview with the principal, per Indiana Law.

Graduation Requirements
Graduation requirements for New Palestine High School may be found in the Student Curriculum Guide. Any student who has lost the opportunity to earn credit in two or more classes may be recommended for expulsion.

Valedictorian
This recognition honors the graduating senior who ranks first in scholarship in his class at the end of the senior year. New Palestine High School honors the Valedictorian and Salutatorian with trophies that are presented during the Commencement Program. To be eligible for Salutatorian or Valedictorian, a student must be enrolled in the last three semesters at NPHS.

Salutatorian
This recognition honors the graduating senior who ranks second in scholarship in his class at the end of the senior year.

Academic “A” Team
Students who have displayed academic excellence will be honored guests at the banquet and will receive awards signifying that he or she has met the criteria. The program is meant to reward high academic achievement and to motivate students to strive for their best. The awards will be presented to students in grades 10, 11, and 12 who have attained an accumulative grade point average of 3.7 (A-). The Academic “A” Team Awards will be based on the students’ performance in grades 9, 10, and 11. The awards will be as follows:
1st year award - Honor Patch
2nd year award - 6” NP Letter
3rd year award – Plaque
National Honor Society

New Palestine High School is a member of the National Honor Society. Students who meet the scholarship requirements are inducted into the Society in the first semester of their junior or senior year. Students who meet the academic and the activity point requirements must then be approved by the New Palestine High School faculty through a Personal Character Evaluation, in which the faculty evaluates the students on leadership, character, and service. Once elected to the Society, members must maintain their high levels of academic and personal performance.

The following requirements have been adopted by the Executive Council of the National Honor Society. The criteria are as follows:

Grade Average: 3.3 or above (beginning with the class of 2014, GPA must be 3.5 or higher)

Personal Character Evaluations: Average of 4.000 or above

Activity Points: The number of required points is 60 at the end of 4 semesters and 100 points after 6 semesters. Activity points must be acquired in three areas of activities defined as: clubs and organizations, music, drama, athletics, contests, community service, and school service.

Academic Honors Diploma

The Academic Honors Diploma is awarded at New Palestine High School. For requirements, refer to the Student Curriculum Guide. Beginning with the class of 2010, there will be two Honors Diplomas; Core 40 with Academic Honors Diploma and the Core 40 with Technical Honors Diploma.

Scholarships

A number of New Palestine students seek scholarships each year. Students and parents annually are given information concerning the College Entrance Examination Board and the National Merit Scholarship competition.

Many other scholarship opportunities are offered by colleges and business and industrial firms, as well as civic, fraternal, and educational groups. Some awards require an examination; others require a written application or an interview. Colleges provide the largest amount of aid in the form of scholarships, grants, loans, and jobs. These scholarships and awards represent a recognition of ability and promise; however, the amount of aid granted is closely related to the student’s need. The Indiana State Student Assistance Commission is an important financial aid source. This agency works closely with the colleges and universities in the state in assisting students.

Information concerning student financial aid is available in the Guidance office.

Standardized College Admission Tests

A standardized admission test such as the ACT or SAT may be required when you apply for admission to a post secondary school. High schools can be very different. They have different grading policies, classes, and student backgrounds. This can be a problem for admissions officers who are trying to compare the student applications. It is much easier to compare students if they take the same tests in certain basic subjects. These tests are called standardized admission tests.

There are two common standardized admission tests, the SAT I and the ACT. Each takes approximately four hours, and tests verbal, reading, and mathematical abilities. The ACT also tests natural science skills. The goal of these tests is to predict how well students will do in college. They do not test special talents or motivation, which can also help students succeed. A your guidance counselor can assist in determining which test would be most beneficial.
Commencement
Formal Ceremony
Students who achieve eighth semester status at New Palestine High School and are within two credits of minimum graduation requirements may participate in commencement exercises. Diplomas will be given only to those students who meet all graduation requirements.

Students and parents of students who wish to participate in commencement exercises must agree to the following rules and regulations, in addition to any reasonable rules as may be necessary to insure a solemn and dignified graduation for the graduates, the families, and the school.

1. All seniors who expect to participate in the commencement exercises must attend all practice sessions and remain for the duration.
2. Each male graduate is expected to wear dress shoes, socks, dress pants, and a dress shirt.
3. Each female graduate is expected to wear a dress or dress slacks and blouse with dress shoes.
4. Ceremony Behavior
   a. School personnel may remove a student at any time.
   b. Appropriate dress also includes the cap and gown (which cannot be altered in any way).
   c. Students who possess disruptive objects or who misbehave will be removed.

Students unable or unwilling to fulfill the commencement expectations may obtain their diplomas at the high school office after 8:00 a.m. on the Monday following the commencement program.

Technology
STUDENT EDUCATION TECHNOLOGY ACCEPTABLE USE AND SAFETY
Policy 7540

Summary: The Board provides Education Technology so that students can acquire the skills and knowledge to learn effectively and live productively in a digital world. The Board provides students with access to the Internet for limited educational purposes only and utilizes online educational services to enhance the instruction delivered to its students. The Corporation's Internet system does not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

Due Process and Discipline in the CSCSHC Technology Program

The entire foundation and success of public school education, depends on the basic concept of self-discipline that will allow all individuals to exist in a world of change and with the individual rights afforded them by our federal and state constitutions. Certain standards of conduct are necessary to assure that people seeking to express their own individual rights do not at the same time infringe upon the rights of others.

Recognizing that some users may misuse or abuse the technology of the school district, school administration may find it necessary to remove a user from the districts technology program. In this event, due process procedures according to the present code of conduct, technology handbook procedures, and the standing district policies will be followed as appropriate.

Wellness
Policy 8510

Summary: The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the Corporation's students. Research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

Child Abuse
All public employees are required to report suspected child physical and/or sexual abuse to an agency authorized to investigate such. This will be reported by the school district in accordance with the statutes of the State of Indiana. (I.C. 31-33-5 et. seq.)

Hearing Screening Administration
The speech and language pathologist conducts hearing screening annually (traditionally at the beginning of the school year) for all students in kindergarten, first, fourth, seventh, and tenth grades. Also tested are all who were identified as having a hearing problem the previous year and all students newly enrolled in the school system. Students may also be referred for hearing testing by a parent or teacher at any time during the school year.

Indiana Criteria for Waiving Hearing Screening Requirement: No student shall be required to submit to a hearing test if written objection by the parent or guardian is submitted to the school principal prior to testing. (This must be submitted annually).

Any student who fails the hearing test will be rechecked within three weeks. Failures upon re-screening will be referred to the Educational Audiologist for a complete evaluation. When a referral to the Educational Audiologist is warranted, parental permission will be obtained for this additional testing.
Speech Therapy Services

The speech and language pathologist screens the speech of all students in grade one, all students who were identified the previous year as needing follow-up, and all students referred by parents or teachers.

If the screening indicates further diagnostic testing should be conducted, the speech and language pathologist will obtain parental permission. After parental consent is obtained, the speech and language pathologist will conduct a diagnostic evaluation to help assess the needs of children in one or more of the following areas:

- Language (vocabulary, grammar, sentence structure, auditory processing);
- Articulation (pronunciation of speech sounds/words);
- Fluency (stuttering or abnormal rate of speech);
- Voice (voice quality, pitch, loudness)

A case conference will be conducted after testing is completed. At the conference, the speech and language pathologist interprets the results of the evaluation to the family. Eligibility for speech therapy services is determined by this Case Conference Committee, based upon the evaluation conducted by the speech and language pathologist, the input of all the Case Conference Committee members, and the eligibility criteria established by the state.

Health Services

A school nurse or clinic assistant is available each day. If a student becomes ill during school hours and wishes to be excused from class, he/she will report to the office. At the middle and high school level, a student must request a pass to report to the clinic. A student should not stop by the clinic between classes unless he/she is very ill and/or injured. Our health policy has been developed with the primary concern for the well-being of your child in mind. We realize a sick child can place a hardship on work schedules, however, parents should plan accordingly in case of illness. Parents will be notified to pick up their child when he/she exhibits any of the following:

1. severe stomachache;
2. vomiting;
3. severe earache;
4. fever with temperature of 100 degrees or more, 99.6 or more with other symptoms, and the child may not return to school until the temperature has remained normal for 24 hours;
5. Chicken pox, in which case your child cannot return to school until the Chicken pox sores have completely scabbed;
6. Conjunctivitis (pink eye), in which case your child cannot return to school until 24 hours after beginning antibiotic treatment.
7. skin lesions such as Impetigo or ringworm should be seen by a doctor in order to begin treatment and the area needs to be covered while in school.
8. presence of lice in child’s hair, in which case the child and home environment will need to be treated and the child will be rechecked upon returning to school after treatment;
9. injury that requires a visit to the doctor.
Parents are to arrange to pick up ill students and keep them at home until they are fully recovered. We also ask parents to please notify us upon learning their child has a contagious illness.

Hearing and vision screening of students in grades 1, 3, and 8 will be conducted yearly in accordance to Indiana State Law. Parents will be notified of any physical problems discovered by school personnel that should receive further attention.

Indiana State Law requires every child who is admitted to public school, have evidence of immunizations. The school nurse will contact parents if these records need to be updated. Parent cooperation is important in providing a healthy school climate. Students, who are noncompliant with immunizations, may be excluded from attendance.

**Medication**

The following statements define the medication guidelines for all Southern Hancock students K-12.

1. All prescription and non-prescription medication for students K-8 must be delivered to and picked up from the school nurse or school office personnel by a parent or other responsible adult age 18 or over. **NO** medication is to be transported by students. This would include cough drops in accordance with state guidelines. **ALL** medication must be in the original container, and all prescription medication must have the pharmacy label. At the high school level, students may bring the medication to the nurse in the office. Parents must transport to and from school any controlled substance prescription drugs (Ritalin, Adderall, Dexadrine, Tylenol #3, Darvocet).

2. No medication shall be administered to a student without the written and dated consent of the student’s parent. All medication must be accompanied by written permission from a parent or guardian. The instruction from parents must contain the date, name of student, name of medication, dosage, time to be given, and must be signed by the parent/guardian. The consent of the parent shall be valid only for the period specified on the form and in no case longer than the current school or program year.

3. All prescription medicine, including injectable medicine and all blood glucose tests by finger prick to be administered to a student, must be accompanied by a physician’s prescription note, a copy of the original prescription, or the pharmacy label. The written consent of the parent and the written order of the physician shall be kept on file.

4. Medication shall be administered only by a school nurse or other employee(s) designated in writing by the Corporation Nurse. All administration of medicine shall be documented in writing. Any designated employee, who is responsible for giving injectable insulin or blood glucose test by finger prick, shall receive proper training, which will be documented by the Corporation Nurse. A student in grades 9-12 may be allowed to self-administer an over-the-counter medication upon the written authorization of the parent. The parent must complete Form 5330F1, page 1 - authorization for prescription medication and treatment and submit it to the school clinic for documentation and filing in the student’s health file. Such medication must be kept in the school clinic unless there is proper documentation signed by a doctor allowing a student to have an inhaler or blood glucose monitoring equipment with him/her. The school form, “permission to administer medication”, will be filled out by and signed by the parent for over-the-counter medication.

5. All medication will be kept in a locked area in the school clinic. Students are not allowed to keep medication in their possession at school. However, such items as asthma inhalers may be kept in the possession of the student provided a physician’s statement of necessity is on file with the school nurse. If a student is found with a medication in his/her possession, his/her record should be checked to determine if the proper authorization is on file. If not, the matter is to be reported to the principal for appropriate action. The purpose of any appropriate action on this matter should be to make it clear to all students and parents that, because of its policy on drug use, the school cannot allow possession or use of any form of unauthorized drug or medication at any time.

6. If medication is to be discontinued, instruction/consent from the parent must be presented to the school nurse/school office personnel in writing. In an emergency situation, medication will be discontinued upon a phone authorization from a parent/guardian. However, this must be followed up by a written authorization. At the K-8 level, all unused medication must be picked up by a parent/guardian. The school nurse will properly dispose of all medication not picked up within 2 weeks of discontinuation. Medication not picked up by the last day of school, will be appropriately disposed of unless prior arrangements have been made.
DISTRIBUTION OF ASPIRIN PRODUCTS: We DO NOT distribute aspirin products to students due to the risk of Reye's syndrome unless there is written permission from a physician documenting its necessity.

STUDENT ACCIDENTS: All accidents in the school building, on the school grounds, at practices, or at any event sponsored by the school, must be reported immediately to the individual in charge. During the school day, the teacher will send the child to the school nurse, or the clinic assistant. Parents will be notified of serious accidents as soon as possible. In the event that parents cannot be reached, the student will be discharged to the person designated as the “medical emergency contact” on the enrollment form.

PLEASE NOTE: Please report the contact information of a relative, neighbor, or friend who may be called if parents are not available in emergencies (not pager numbers). This information should be included on the registration form, which is filled out at the beginning of the school year.

Medical Insurance

The Community School Corporation of Southern Hancock County does not carry insurance to cover student accidents or injuries.

Bus Passes

Any student who does not plan to go home on his/her assigned bus, must have his/her parent or guardian call the Main Office the morning the change would take place. The request should state the student's destination and the bus number he/she is to ride. The student will pick up a bus pass from the office during the lunch period of that day. If the student has no bus pass, he/she will be sent home on his/her assigned bus. Our goal is to know the whereabouts of students and assure that each student arrives home safely. Your help is needed to achieve this goal. Students should not make arrangements at school for bus passes that day.

Lockers

Lockers are the property of the CSCSHC and are a permanent part of the building. Each student is assigned a locker for the storage of books and equipment as a convenience during the period of his/her enrollment as a student. The principal or his/her representative shall possess the authority to examine the contents of the locker located on school premises when he/she has reason to believe that the contents of the locker may include elements which:

1. Present an immediate threat to the health, safety and welfare of the student(s)
2. Are illegal to possess
3. Would contribute to the disruption of the normal program
4. Have been reported lost or stolen

Students are to use only those lockers that have been assigned them by the office.

Place as many of books in the top compartment of the locker as possible. If the locker sticks at the bottom or if there are other locker problems, be sure to report it to the office. Banging on the locker will only increase the problem.

The following example should help in opening your locker. If the combination reads 9-16-22:

1. Turn the knob to the right three or more times and stop on 9.
2. Turn the knob to the left, go past the number 16 once and stop at 16 on the second time.
3. Turn back to the right and stop at 22.
4. Continue turning to the right until lock stops. Pull door open.
5. Door must be closed before turning combination.

Do not share or trade lockers, and give no the locker combination. Do not loiter in the locker areas. The school is not responsible for any lost or stolen property.

Do not place stickers on lockers. Lockers will be inspected periodically and students will be responsible for maintaining their lockers.
**Telephone**
The telephones in the Main Office are used to conduct daily business. Students will be permitted to use the phone in cases of emergency or when there has been a change of schedule imposed by the school. (Example: Cancellation of an athletic practice due to weather conditions.) When using the telephone, students must be courteous and brief. The office staff will monitor telephone usage in the front office. Under no circumstance can the use of the phone be an excuse for being late to class. Students need to have a pass signed by a teacher to be excused from class to use the telephone.

**Student Visitors**
School visitation by students other than those enrolled in the school, cannot be facilitated between the hours of 7:20 a.m. and 2:20 p.m. Special requests must be approved by the Principal.

**Student Deliveries**
Flowers, balloons or other non-school related deliveries for students will not be accepted. The student’s home address should be used for such deliveries. Students expecting school supplies (books, clothing, etc.), should check in the office for these items between classes.

**Teacher Contacts/Parent Conferences**
We have appointment only parent conferences scheduled on a full day in the fall. Other conferences may be necessary from time to time and can be initiated by families or teachers. Due to daily schedules, teachers are not always available by phone, but will return calls as quickly as possible.

**Parent On-Line Communications**
New Palestine High School and Doe Creek Middle School have implemented an on-line resource that allows parents with internet connections to view their child's assignments and grades on-line. It also provides options for parents to get in touch with individual teachers. Parents wanting information on signing up for it, need to go to the website of the school their child is attending and follow the appropriate link.

**Guidelines For Parents Visiting Classrooms**

**AG 9150**

**Summary:** In order to protect the educational program of the schools from undue disturbance:
A. Persons wishing to visit a school are to make arrangements in advance through the school office.
B. Every visitor to a school must register at the school office.
C. No visitor may see a student in school unless it is with the specific approval of the principal. A student is never to be permitted to leave the school with anyone who is not clearly identified as his/her parent or an appropriately authorized person.
D. Students may not bring guests to school unless permission to do so has been granted by the principal.
E. Because classroom visitations can be distractive to the students, the following guidelines have been established:
1. Visitations will not be allowed during examinations and independent study periods.
2. Parents are to be silent observers and are not to create any type of disturbance or disruption to the learning process.
3. Any comments made by individual students are to be maintained in confidence by the visitor to the activity.
4. Use of audio or visual equipment to record classroom activities must be approved by the principal and the teacher. No visitor shall be allowed to videotape students in the classroom as it violates the privacy rights of students unrelated to the visitor.
5. If the nature and instructional purpose of any activity calls for students to be segregated by gender, only visitors of the appropriate gender may observe those groups.
6. If a parent or other visitor wishes to tape record a conversation with a teacher or the principal, s/he should request permission from the teacher or principal.
7. Any comments or concerns are to be discussed with the teacher before or after the school day when students are not present.
**Lost & Found**

Each year we give box loads of hats, gloves, jackets, sweatshirts, scarves, book bags, etc. to a charitable organization. These are the items that go unclaimed in our lost and found. Students and parents are invited to check the Lost & Found in the bookstore for such items. Students who find items should bring them in whenever their teacher gives them permission.

**Bulletin Board Use**

Taping items to painted surfaces destroys the paint and the wall necessitating time-consuming and costly repainting of the entire wall or wall section to restore the surface to an acceptable condition. Taping to doors necessitates the refinishing of the entire door side to repair the damage done by the tape removal.

If notices have to be located other than on an existing bulletin board, use glass as it is the only surface that will not be physically damaged by the tape removal.

All school personnel will remove any notices that are taped or pinned to surfaces other than designated areas. We take great pride in the condition of our building and are always endeavoring to improve that condition. We hope you do also.

1. **Students must receive permission from the building principal or assistant principal before posting materials.**
2. Students may only post materials that are spirit-oriented, promote a school activity, or are educational in nature.
3. The person(s) posting the material is (are) responsible for the removal of the material within one week. The student’s name must be on the back of every item posted.
4. Use water-base paint for banners and posters.
5. Banners may be posted on foyer trophy cases, in the gymnasiums, or in the cafeteria.
6. Cheerleaders or other booster groups must remove all banners, posters, ribbons, etc., from community or town business within three school days after activity.
7. Only academic-related materials may be posted in the upstairs hallways and in all the media center, gymnasium hallway, cafeteria room hallway, multipurpose room, front entry, and gymnasium.

**Procedures for Student Use of the Media Center**

1. The media center is open from 7:00 a.m. to 3:00 p.m. Students are welcome to use the media center’s resources before or after school.
2. Students are also encouraged to use the media center during academic lab or study hall to work on assignments requiring the use of media center materials. Students must get a pass to the media center from the teacher who made the assignment.
3. At the beginning of the period, the student must report to study hall or academic lab for attendance.
4. After attendance is taken the student signs out, and keeping the pass, reports directly to the media center.
5. At the media center, the student must sign in and leave the pass at the front desk.
6. The student must remain in the media center until the end of the period unless given permission by the media specialist or assistant to leave.
7. Students must properly check out and return any materials (books, pamphlets, magazines, etc.) that are taken from the library. Failure to do so is a violation of school policy, and will be regarded as theft of school property.
8. It is a privilege to use the media center. If a student cannot follow the rules set up by the librarian, the student will lose this privilege.
**Academic Lab**

The purpose of Academic Lab is to serve as an extension of and an enrichment for the programs of New Palestine High School. Academic Lab also has an additional function to aid in the preservation of class time. The primary use includes, but is not limited to, the following: make-up work, tutoring, homework, quiet study, and enrichment activities. The students of NPHS are best served by many other activities being scheduled during Academic Lab in order to help preserve regular classroom time devoted to class work. Teachers and students view Academic Lab as an opportunity to further enhance classroom instruction and learning. Guidance counseling, tutoring and club meetings may also be held during the Academic Lab. Opportunities to use the computer labs or to make up tests, will also be available. **Any personal appointments should also be made at this time, in order not to take away from an academic class.**

**Academic Lab Rules**

1. All students must attend Lab A. There will be no passes during Lab A.
2. Students may leave Lab B to go to another room if possessing a classroom teacher-issued pass to attend their academic lab period. Teachers will not write passes for students to attend other teachers’ academic labs.
3. When a teacher issues an academic lab B pass, the student also signs an academic lab attendance sheet confirming commitment to attend. Teachers will maintain these sign-out/sign-in sheets.
4. Students must return the academic lab pass when reporting for the academic lab. Students may move to their academic lab assignment only during the designated time.
5. All students must remain in their lab assignment during academic lab, if they do not have an officially authorized pass to attend the academic lab period.

**Appropriate Lab Activities**

1. Academic responsibilities such as Academic Interventions, make-up work, and remediation will take precedence over all other activities. Students will also have the opportunity to attend the media center with an appropriate pass.
2. Students are expected to participate in activities on scheduled days.
3. Academic Lab needs to be focused as much as possible on academics, but the flexibility of permitting clubs and academic teams to meet, will be included.
4. Academic Lab is a proper time for assemblies and other special presentations, such as plays, and guest speakers.
5. Support groups will be held during academic lab, as well as counseling activities (i.e. standardized testing, enrollment, appointments, etc.) whenever possible.
6. Class meetings and orientations as well as pictures for classes and student ID’s, will be scheduled during Academic Lab.
7. Whenever possible, we encourage students returning to school after an absence, to use Academic Lab for turning in assignments that were due the day of their absence, and receiving homework assignments that were given during their absence.

**Inappropriate Academic Lab Activities**

Any activity that is inappropriate during regular class time is also considered inappropriate during Academic Lab. All activities should be academic in nature.
**Bulletins & Announcements**
Special notices and school information may be posted on the school website, school signs, classroom monitors, or given to each teacher every morning. All posters must advertise school-sponsored events and must be approved by the administration.

**Bookstore**
The school bookstore is operated as an auxiliary agency to the school. Normally, all supplies to be used by students for classroom work can be purchased at the bookstore. Students visiting the bookstore must do so before school or between classes.

**Work Permits**
All minors between 14 and 18 years of age must first obtain an employment certificate (work permit) from their school guidance office, before they can go to work. To be issued and maintain a work permit, students must be passing in at least five (5) classes and must have satisfactory attendance at school. The first step to get the work permit is to complete an “Intention to Employ” form, which can be obtained from the employer or the high school office. This form must be signed by the employer, parent, and minor; and then presented to the main office in the morning before school starts, and can be picked up at the end of the school day at 2:20 p.m. You may refer to the back of the “Intention to Employ” form for specific hours that each age group is allowed to work.
STUDENT CODE OF CONDUCT

Rights, Responsibilities, & Regulations Concerning School Behavior for Students
The responsibility for the development and maintenance of an orderly learning environment falls to a combined effort of students, parents, teachers, administrators, and to our community. Regulations for management of school behavior must be outlined by those responsible for the operation of the schools. The County has the legal responsibility for the school in which you are enrolled. The Board, in turn, sets policies and appoints administrative officers to carry them out. Authority for such Board responsibility is included in the School Powers Act and Student Due Process Code of the Indiana General Assembly, in the Policy Manual of the Community School Corporation of Southern Hancock County and in the various teacher and student handbooks. A breach of conduct may result in a variety of disciplinary strategies including a reprimand, loss of privileges, referral to special school personnel, parent conferences, behavior contracts, detentions, Friday/Saturday school, suspension, expulsion or attendance at alternative school.

Due Process
Due process is guaranteed individuals by the Fourteenth Amendment to the Constitution. Due process in education implies that rules and regulations of schools are published and distributed; that students know and understand these rules and regulations; that when a student is believed to have violated a rule or regulation, he or she is confronted with this belief and given the opportunity to respond to the accusation; that when rules or regulations are violated, certain consequences may occur.

The Student Due Process Code, enacted and amended by the General Assembly of Indiana, outlines in detail the procedures to be followed when a student is disciplined by expulsion or suspension. So that the rights of the student concerned are protected, a copy of this law is on file in the office of each principal, as well as the Superintendent's office, and is available to students upon request.

Students with Disabilities
All students with disabilities will be expected to follow the rules, policies, and procedures contained in this handbook unless otherwise stated on their Individualized Educational Plan. This includes all behavior, conduct, substance abuse, and discipline rules.

School Bus Conduct & Safety Rules
The Bus Conduct and Safety Rules are designed to promote safety on the school bus at all times. The safety of all students is our top priority. Therefore, each student is expected to cooperate fully by always obeying the rules.

The authority of the bus driver who is in charge of the bus will be recognized and supported by all. For everyone’s safety, the bus driver must be heard, be able to hear traffic sounds such as sirens, and be obeyed by students quickly and efficiently.

School bus transportation is a privilege and is not guaranteed for you by law. Transportation is available; however, if students choose to disobey the rules, the privilege of riding the bus may be taken away in order to ensure safety for everyone. If transportation privileges are denied, the parents or guardians are responsible for getting their children to and from school.

To promote a safe, orderly, efficient, and enjoyable bus ride to and from school, be cool. Follow the rules:

At the bus stop
1. Be on time. Do not run to or from the bus. Board and leave the bus only at your regularly assigned stop, unless you have received a bus pass in advance.
2. Stay back and away from the bus until it has come to a complete stop.

On the bus
1. Always obey the driver.
2. Observe classroom conduct.
3. Stay in your seat.
4. Be courteous and use no profane language.
5. Never push, shove, or fight; that is always unacceptable and are serious safety hazards.
6. The use of tobacco products is prohibited.
7. Keep your head, hands, feet, inside the bus and to yourself.
8. Never throw objects inside or outside the bus.
9. Do not eat or drink on the bus.
10. Never damage the bus.
11. Keep the bus clean.

Leaving the bus
1. Remain seated until bus comes to a complete stop.
2. Once off, clear the area immediately. Wait for the driver’s signal before crossing in front of the bus.
3. Always cross at least 10 feet in front of the bus.

Thank you for doing your part for safety’s sake.

When you obey the rules, you keep the privilege of riding the bus and it is a safer ride for everyone.
When you disobey the rules, you could cause an accident, you could have an assigned seat, or you could be denied the use of the school bus to get to and from school.

Student Dress
CSCSHC students are expected to maintain an appearance that is conducive to the educational atmosphere. Whenever a school official considers a student’s appearance to be inappropriate or distracting to the learning environment, the student will be expected to make the necessary changes.

Each aspect of the educational program seeks to create a learning environment, which is safe and focuses on high academic achievement for all students. A student dress code is one aspect which supports the educational program. Therefore, the dress code will seek to accomplish the following:

- Maintain a safe and secure environment
- Focus students on their academic achievement
- Help students develop appropriate social and occupational dress and appearance skills
- Help students develop a positive and healthy self-esteem
- Create school pride

The school principal will make decisions concerning the appropriateness of any new styles in dress.

General Expectations
1. Clothing or accessories displaying disruptive messages will not be tolerated. Examples include messages containing profanity, sexual innuendo, racial or ethnic slurs, and references to drugs, alcoholic beverages, tobacco products, violent or illegal acts, weapons, secret organizations, or gangs.
2. Hats or any type of head covering are not to be worn anywhere inside the building during the school day.
3. Non-prescription sunglasses are not to be worn inside the school building.
4. Clothing which reveals undergarments or the lack of undergarments is considered inappropriate.
5. Students who are cadet teachers must dress in a professional manner.
6. Students on a school sponsored field trip, attending school awards programs or participating in Commencement, should dress in a professional manner.
7. Athletic events: Special dress days and colorful attire are ways of promoting school spirit. CSCSHC encourages support for its athletic teams and performing groups. Good sportsmanship and positive spirit are our goals. This can be accomplished in very creative and enthusiastic ways, and still be within the proper dress guidelines. Students will remain fully clothed while practicing for and attending the events.

**Shoes**

1. Appropriate shoes must be worn at all times. Open-toed shoes cannot be worn in areas or classes where the foot needs to be covered for safety reasons. Examples of these areas are the science labs, construction technology, physical education, and nutrition classes. Shoes such as beach type sandals/flip-flops, or shower type shoes are not appropriate for classes such as cadet teaching or for programs requiring a more professional dress.

2. House slippers shall not be worn.

All clothing, including shoes, must be safe for classrooms and playgrounds. Attire required by a student’s recognized religion will be deemed appropriate for school.

**Guideline to Consequences for Not Following Acceptable Dress Procedures:**

First Offense: correct improper attire
Second Offense: correct improper attire and contact parents
Third Offense: correct improper attire, contact parents and assign a detention
Fourth Offense: correct improper attire, Friday School and parent conference to discuss dress code
Each offense must be corrected before the student is allowed to return to class.

**Care of the Building**

**Policy 5513**

**Summary:** Students who cause damage to school property shall be subject to disciplinary measures and restitution for damages and will be responsible for reimbursing any reward offered for the resolution of the issue. The Board reserves the right to file a civil action in a court of competent authority against parents of a student who willfully destroys Corporation property.

**Hall Regulations**

The following regulations are in effect during passage through school halls:

1. Except at regular passing time, and before and after school, no student is to be in the halls without a properly signed hall pass.

2. No yelling or excessive loudness in the halls.

3. Do not sit on the floor in the halls. Such sitting, whether singly or in groups, tends to obstruct the free flow of traffic.

4. Refrain from stopping to talk to friends in the halls. This leads to bottlenecks in the orderly flow of traffic. The result of such obstruction is that some students are forced to be late to class.

5. Keep to the right as much as possible when moving through the halls.

6. There is to be no running in the halls at any time.

7. No glass bottles are allowed in the school during school hours without special permission.

8. When your school day is finished, leave the building immediately unless you are under the direct supervision of a teacher/coach/sponsor.
**Cafeteria Rules**

1. Use student ID to purchase lunch.
2. Dispose of all trash in the containers provided.
3. No disruptive behavior is permitted. Such behavior includes, but is not limited to, sitting or standing on tables, yelling, horseplay, throwing anything, running, making a mess or bothering others.
4. All food and drink must be consumed in the cafeteria.
5. In order to keep a smooth traffic flow during lunch periods, students should enter the cafeteria through the north lobby doors and exit through the south doors near the tray return and trash receptacles.
6. Stealing is strictly prohibited. Eating food before paying for it is considered stealing.
7. Large oversize coats, backpacks, and bags are not allowed in the food court.

**Study Hall Routines**

1. Students are to be in their seats and begin work **when the bell rings**.
2. Students should come in early to use the pencil sharpener and thus be ready for work when the bell rings.
3. Conversation, even in whispers, is disruptive and is therefore prohibited.
4. Each student is to be equipped with necessary books and supplies for work upon arrival. No student is to remain idle even though he/she is quiet. Students are not to be excused to lockers, cafeteria, phones, bookstore, etc. If the student has no homework or study assignment, he/she should bring suitable reading material from home or the media center.
5. Students are not permitted to “just sit” or nap. Playing games is also prohibited.
6. All students must have a pass to leave study hall.

**Public Affection**

Students are expected to maintain a hands-off policy. Any student that violates this policy will be first warned and then disciplined by the principal or assistant principal.

**Personal Communication Devices**

Policy 5136 Personal Communication Devices

**Summary:** Students may use personal communication devices (PCDs) before and after school, and during after school activities as determined by the coach or school sponsor (e.g. extra-curricular activities). High school students may be permitted to use cell phones during their assigned lunch period, which is considered to begin and end when the student enters and leaves the cafeteria. Use of PCDs, except those approved by a teacher or administrator, at any other time is prohibited and they must be powered completely off and stored out of sight.

Students are prohibited from the use of cell phones during a crisis situation, unless there is no adult available or they have been specifically authorized by school staff to use phones to communicate with parents or guardians.

PCDs, including but not limited to those with cameras, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include but are not limited to locker rooms, shower facilities, restrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. Violation of these prohibitions shall result in disciplinary action. Such actions will be reported to local law enforcement and child services as required by law. Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using their PCDs to receive such information.

Possession of a PCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege.

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.
Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office.

**Consequences for Using Personal Communication Devices**

- **First Offense** – The device will be confiscated and returned to the student at the end of the day.
- **Second Offense** – The device will be confiscated and returned to the student’s parent or guardian after school hours, and a detention will be assigned.
- **Third Offense** – The device will be confiscated and returned to the student’s parent or guardian after school hours, and a Friday School or detention will be assigned.
- **Fourth Offense** – The device will be confiscated and returned to the student’s parent or guardian after school hours and the student will be assigned a suspension.
- **Fifth Offense** – The device will be confiscated and returned to the student’s parent or guardian after school hours and the student will be assigned a suspension and/or expelled.

**Cheating**

Cheating is forbidden. All students are responsible for following their individual teachers’ policies and procedures concerning cheating. The minimum penalty for a student caught cheating will be a zero (0) for the assignment. Repeated violations will result in failure for the nine weeks and/or the semester. The following is a definition of cheating:

CHEATING: The use of unauthorized aid to complete any classroom assignment.

a. “Unauthorized aid” covers any means expressly forbidden by the teacher.

b. “Classroom assignment” includes homework, laboratory work, compositions, quizzes, tests, and computer media.

c. Allowing others to cheat by taking tests or other materials and passing them on to other students.

d. Plagiarism - The act of taking the literary composition of another author, or excerpts, ideas, or passages there from, and passing the material off as one’s own creation. Theft of another person’s writings or ideas. Generally, it occurs when someone steals expressions from another author’s composition and makes them appear to be his own work. At its simplest and most extreme, plagiarism involves putting one’s own name on someone else’s work; this is commonly seen in schools when a student submits a paper that someone else has written.

**Insubordination**

All students are expected to conduct themselves as young ladies and young gentlemen. Students will be expected to be courteous and respectful to faculty, staff members, and other students at all times. If a student feels that a request is unreasonable, he/she must first of all comply with the request, and later he/she may appeal the case to the principal.

Any teacher or staff member has the same authority and responsibility as the principal to discipline and correct a student at any time regardless of whether the teacher/staff member does or does not have the student in class.

**Threats**

A threat consists of spoken or written words, the meaning of which a reasonable person would conclude carried the threat of imminent bodily harm to oneself or to another or to property, and the means to inflict it. When a threat is given, it will be assessed for its seriousness. This assessment may involve law enforcement if the threat is considered serious enough by school administration.

**Vandalism**

Acts of vandalism are punishable by state law. Any student who destroys school property will be turned over to the proper law enforcing officials.

**Fighting**

Fighting or provoking a fight will not be tolerated. The penalty for fighting or contributing to a fight will be severe. Do not jeopardize your record by getting into this type of behavior. Fighting, including spitting, is considered battery.

Engaging in bullying behavior through the use of data or computer software that is accessed through a computer, computer system or computer network also is prohibited. This policy applies when a student is on school grounds immediately before or during school hours, immediately after school hours, or at any other time when the school is being used by a school group; off school grounds at a school activity, function, or event; traveling to or from school or a school activity, function, or event; or, using property or equipment provided by the school.

B. has a substantially detrimental effect on the targeted student's physical or mental health;
C. has the effect of substantially interfering with the targeted student's academic performance;
D. or has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

Any student who believes s/he has been or is currently the victim of bullying should immediately report the situation to the building principal or assistant principal or the Superintendent. The student also may report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. This report may be made anonymously.
**Hazing**

**Policy 5516**

Hazing shall be defined for purposes of this policy as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes or creates a risk of causing mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy. Students, administrators, faculty members, and other employees who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil and criminal penalties in accordance with law.

**Accessory**

A student who acts as a “lookout” or otherwise aids in or accompanies those participating in violation of school rules will be viewed as a violator.

**Use of Tobacco or Electronic Smoking Devices**

**Policy 5512**

**Summary:** The Board prohibits the use and/or possession of tobacco by students at all times within or on the campus of any facility owned or leased or contracted for by the Board. The Board prohibits the use and/or possession of tobacco in all vehicles owned or operated by the Board. For purposes of this policy, use of tobacco shall mean all uses of tobacco, including cigar, cigarette, pipe, snuff, or any other matter or substance that contains tobacco, as well as electronic, "vapor," or other substitute forms of cigarettes.

Students caught using and/or being in possession of any tobacco or electronic smoking devices products will be subject to the following penalties:

Drug and Alcohol Disciplinary Procedures

The following applies to all students as noted above. Due process will be followed. The disposition of each offense listed, may be imposed at the discretion of the building principal. Proper legal authorities will be notified per IC 20-33-9-5.

First Offense

The student will be subject to a ten (10) day suspension accompanied by a recommendation to the Superintendent for his/her expulsion from school for the remainder of the current semester and the next regular school semester. If offense occurs within the last four weeks of a semester or while enrolled in summer school, the recommendation for expulsion may extend through the next two semesters if credit is awarded for the current semester.

Upon review of the student’s discipline record and the circumstances of the violation, the principal may at his/her discretion, recommend to the Superintendent that the student involved, be given the option to enroll in an approved educational or counseling program of at least 10 hours in duration, and complete a drug assessment, which includes a laboratory analysis. Where fees for service are involved, parents must accept responsibility for payment.

The service provider must be approved by the school district, and both the program and the assignment must be shared with the school upon the student’s satisfactory completion. Failure to satisfactorily complete the designated program within a specific time frame established by the principal will result in the continuation of the expulsion from school during the second semester.

The principal may authorize the student’s probationary return to school after no less than the completion of the semester, providing negative drug assessment results are presented, and satisfactory evidence of completing an educational or counseling program is presented.

The student’s expulsion will be held in abeyance while he/she is participating in the probationary program.

Parental Responsibility

The parents or guardian must be impressed with the need to seek professional help for the student who is involved with drugs or alcohol. In the case of any student who appears to be a user, and who has been or appears likely to be
expelled or excluded in connection with such use, the parent or guardian will be informed that the school will be extremely reluctant to readmit the student without evidence of professional help or medical treatment. The school will look favorably upon any progress reports from professionals who indicate that the student is ready to adjust to, and resume a normal role in the educational process. Any final decision on readmission, however, will be based upon the entire body of available evidence. The second offense violation will result in expulsion.

**Weapons**

**Policy 5772**

**Summary:** The Board prohibits students from possessing, storing, making, or using a weapon in any setting that is under the control and supervision of the Corporation.

The term "weapon" means any object which, in the manner in which it is used, intended to be used, or represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health or safety of persons. Weapons include, but are not limited to, firearms, tasers, handguns, stun guns, guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, chemical weapons, metallic knuckles, martial arts weapons, ammunition, and destructive devices (bombs, incendiary, grenade, Molotov cocktail, rocket with a propellant charge of more than four (4) ounces, etc.). A "knife" is defined as "an instrument that: 1) consists of a sharp edge or sharp pointed blade capable of inflicting cutting, stabbing, or tearing wounds; and 2) is intended to be used as a weapon." I.C. 35-47-5-2.5(a).

Any student who violates this policy will be reported to law enforcement and may be subject to disciplinary action, up to and including expulsion.

Students are required to immediately report knowledge of weapons and threats of violence by students and staff to the building principal. Failure to report such knowledge may subject the student to immediate suspension and potential expulsion from school.

**Video Cameras**

**Rights, Responsibilities, & Regulations Concerning Searches of Lockers & Autos**

**Policy 5771 Search and Seizure**

**Summary:** School facilities such as lockers and desks are school property provided for student use subject to the right of Corporation administrators to enter the facility as needed to inspect, access for maintenance, and search all items in the facility. The principal may search student lockers and storage areas and the contents contained therein at any time for any justifiable reason. Students shall not have an expectation of privacy in any facility provided by the school and shall not be permitted to deny entry to a Corporation administrator by the use of a lock or other device. No student shall lock or otherwise impede access to any locker or storage area except with a lock provided by or approved by the principal. Unapproved locks will be removed and destroyed. The principal may, at any time, request assistance of the law enforcement agency having jurisdiction over the facilities of the Corporation. The law enforcement officer must have probable cause, however, to conduct a search of the lockers and storage areas and the contents contained therein.

Prior to a search of a student's person and personal items in the student's immediate possession, consent of the student shall be sought by an administrator. If the student does not consent, such a search shall be permitted based only upon the administrator's individualized reasonable suspicion to believe that the search will produce evidence of a violation of a law, school rule, or a condition that endangers the safety or health of the student or others.

Permission for a student to bring a vehicle on school property shall be conditioned upon consent of the search of the vehicle and all containers inside the vehicle by a school administrator with reasonable suspicion to believe the search will produce evidence of a violation of law, a school rule, or a condition that endangers the safety or health of the student driver or others. The student shall have no expectation of privacy in any vehicle or in the contents of any vehicle operated or parked on school property.
Anything found in the course of a search pursuant to this policy which constitutes evidence of a violation of a law or a school rule or which endangers the safety or health of any person shall be seized and utilized as evidence if appropriate.

A Corporation administrator may request the assistance of a law enforcement officer or agency in any aspect of a search or seizure based upon no less than reasonable suspicion to believe evidence of violation of a criminal or juvenile law, or school rule will be found.

Administrators are authorized to arrange for the use of breath-test instruments for the purpose of determining if a student has consumed an alcoholic beverage. Any student testing positive may be subject to disciplinary action or exclusion from school functions.

**Driving Privileges, Responsibilities, & Safety Rules**

Students, who choose to drive to school, must accept the responsibility to be on time to their first class. Absences or tardiness because of flat tires, engine trouble, traffic tickets, etc. are unexcused. Student lateness because of bad roads is unexcused unless school buses are not on schedule. It is recommended that students use the bus service in case of inclement weather. Student drivers will lose their driving privileges if tardy to their first assignment five times. Students must turn in the school issued parking permit when driving privileges are revoked.

New Palestine High School provides parking facilities to be used for the convenience of pupils and for the security of student operated vehicles. The school is not required to provide these facilities, but does so as a service to its pupils. The fact that the school makes parking available for students use does not diminish the school’s sole ownership, control, and authority over the parking facilities.

The school reserves the right to examine students’ vehicles and their contents for the purposes of eliminating fire or other hazards, maintaining sanitary conditions, attempting to locate lost or stolen articles, and locating prohibited or dangerous materials, including but not limited to narcotics or other contraband.

Failure to comply with the conditions and rules contained in this application, may lead to loss of privilege of using the parking space and possible suspension or expulsion from high school.

Driving registration must be kept up-to-date. Parking permits must be displayed on the rearview mirror of any car parked on school property.

The following regulations will be enforced:
1. Students driving any type of motor vehicle to school must secure a permit to do so from the school.
2. Reckless/dangerous driving will not be tolerated at anytime. Tickets will be issued.
3. A fifteen (15) m.p.h. speed limit must be observed.
4. The student and/or the parent are liable for accidents or damage caused by the driver on school grounds.
5. Smoking on school grounds, including the parking lot, can result in the loss of driving privileges for the school year.
6. No traffic is allowed through the bus loading zones. Busses have the right of way when leaving school.
7. Parking is permitted in designated student parking areas only.
8. Returning to a car during school hours, whether for window adjustments, needed items, or any other reason, is not permitted.
9. No one may leave the campus parking lot, unless he is scheduled to do so, during the school day.
10. Students are not allowed to display flags, banners, posters, streamers, window markings or other distracting items that might interfere with school purposes, an education function or present a hazardous condition.

*Violators may be fined for each offense, and may also lose their driving privilege and/or have their vehicle towed at owner's expense.*
Loss of Driving Privileges

Students may lose driving privileges for the remainder of the semester or a minimum of six weeks, whichever is longer, for the following:

1. Students leaving school grounds during class time, academic lab, or during the lunch period without permission from office personnel.
2. Fifth tardy to school.
3. Students who have exceeded six disciplinary referrals for the semester.
4. Student failing to follow all NPHS driving regulations.
5. Parking in a designated handicapped parking space without proper authorization will result in the violator receiving a traffic ticket.

In order to maintain driving privileges:

1. Students must be passing in four credits at the end of each grading period.
2. If a student is not passing in four credits, driving privileges will be revoked until the student is passing four credits at the end of a grading period.
3. Driving privileges will be returned, if academic standards are being met.

Parking Lot Procedures

Objective: To promote an efficient flow of pedestrian, bus, and automobile traffic at the beginning and end of the school day.

1. All students riding a school bus must enter school immediately after being dismissed from bus.
2. No pedestrians are allowed in the bus loading or unloading area until all busses have exited.
3. Busses have the right of way when entering and leaving school property.
4. Students may not park in staff, visitor, handicapped, or no parking areas.
5. Students will receive one warning. All further parking violations will result in a fine.
6. Students receiving three (3) violations will lose the privilege to drive to school and park on school property.

2. One hundred twenty (120) days after the person is suspended, or the end of the semester, whichever is longer.
3. The suspension, expulsion, or exclusion is reversed after the person has had a hearing.

**Student Discipline**

Students are expected to make continuous progress towards a diploma by making the very best grades they are capable of making, accumulating a minimum of eleven credits per school year, and maintaining good attendance. The rules, which govern student behavior, are found primarily in the Student Handbook and in the Indiana Legal Code on Student Due Process. Students are expected to take responsibility for their behavior choices. When a student violates these rules and the principal or designee feels the particular facts and circumstances merit any substantial discipline, the student may be suspended or expelled from school, subject, of course, to the legal requirements of due process.

The school recognizes that student discipline may be dealt with by means other than an outright suspension or expulsion. Despite this, even small offenses which have been treated differently are serious when they occur repeatedly, or when they become part of a series of general misconduct. In order to deal with the problem of student discipline, the principal, designee, or both will consider the particular facts and circumstances surrounding each offense and will make the final decision as to how the specific situation will be handled.

The principal or designee is also authorized to impose probationary restrictions on students, including removing students from extra-curricular activities, assigning students to Friday and/or Saturday School, and using other appropriate measures.

**Disciplinary Consequences**

Conferences, detentions, Alternative School placement, and Friday/Saturday School and suspensions will be used, when appropriate, to reinforce the need for student behavioral changes. Students who are assigned conferences due to violation of school and classroom rules will report to the conference, when assigned by the teacher, on the date and time assigned. Students are to bring school work with them to detentions and be prepared for up to one hour of supervised, silent study. Unexcused absences from assigned conferences or detentions may result in Friday/Saturday School or suspension from school.

**After School Detention**

After school detention is from 2:30-3:00 p.m. on Tuesday and Friday. Students will be notified of the days detention will be held. After school detention procedures are as follows:

1. It is your responsibility to be in the detention room no later than 2:30.
2. You are to have school related materials for study.
3. Any assignments given must be completed and handed in before you leave ASD.
4. If you arrive late or if you are asked to leave due to your behavior, you will not receive credit and you will then be assigned to the next Friday School.
5. Do not sleep, talk to others, bring food, drinks, radios, tape/CD players, phones, or video games to ASD.

**Friday School**

Friday School is from 2:30 p.m. to 5:30 p.m. Friday School procedures are as follows:

2. Bring materials you need for doing school related work.
3. Any assignments given must be completed and handed in before leaving the Friday School.
4. If you arrive late, you will not be admitted. If your behavior is unacceptable, you will be asked to leave. If you fail to attend an assigned Friday school or you are asked to leave, you will be assigned a suspension, Community Service, or a Saturday School.
5. Do not sleep, talk to others, bring food, drinks, radios, phones, or video games to the Friday School. This is a quiet time for study.

6. Repeated failure to attend Friday School may result in further consequences.

“The Board will not hear any student appeals. “ (Policy 5610)

Suspension And Expulsion Procedures
Susension Procedure
When a principal (or designee) determines that a student should be suspended, the following due process procedures will be followed:
1. A meeting will be held prior to the suspension of any student. At this meeting, the student will be entitled to:
   (a) a written or oral statement of the charges;
   (b) if the student denies the charges, a summary of the evidence against the student will be presented; and,
   (c) the student will be provided an opportunity to explain his or her conduct.
2. The meeting shall precede suspension of the student except where the nature of the misconduct requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible, following the date of the suspension.
3. Following the suspension, the parent or guardian of a suspended student will be notified in writing. The notification will include the dates of the suspension, describe the student’s misconduct, and the action taken by the principal.
EXPULSION PROCEDURE

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
   a. legal counsel
   b. a member of the administrative staff who did not expel the student during the current school year and was not involved in the events giving rise to the expulsion.

2. An expulsion will not take place until the student and the student’s parents are given notice of their right to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure to request and to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school board.

3. The notice of the right to an expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the procedure for requesting the meeting.

4. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student’s position. An attorney may not represent the student at the expulsion meeting, but the attorney may be available for consultation outside the meeting room during the course of the expulsion meeting.

5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student’s parent.

**Homecoming Activities**

The purpose of Homecoming is to promote positive school spirit and pride. It is not a forum for political or personal expression. Therefore, there will be a faculty review and approval of all activities associated with Homecoming.

**Dances**

After-Game Dances are scheduled upon request of a sponsoring group. All dances must be scheduled by the assistant principal at least two weeks in advance.

When a school dance is held, the following regulations are in effect:
1. All New Palestine High School students and their dates are welcome at the dances; however, dates are not necessary.
2. All sponsoring organizations are responsible for any and all damages to school property.
3. Decorations are often the private property of individuals who have loaned them for the occasion or who have made them. They are to be removed only by the committee after the dance is over. All decorations must have the approval of the assistant principal.
4. Pass-out checks are not given. Students may leave at their own discretion, but may not return.
5. All students are subject to the conduct rules of New Palestine High School. Students are reminded that the State of Indiana mandates that students who attend any school function while under the influence of alcoholic beverages or drugs are subject to expulsion. Students may be required to take a personal breath test for alcohol before entering the dance.
6. No dance will be scheduled on a night preceding a vacation.
7. After-game dances will begin immediately following the game, and will last for one hour or 11:00 p.m., but no later than 11:00 p.m.
8. After-game dances are restricted to New Palestine High School students only.

**Junior-Senior Prom**

A high point in the life of any high school pupil is the Junior-Senior Prom, which is one of the largest social events taking place during the school year at New Palestine High School.

At this traditional event, the junior class acts as host to the senior class. Each junior and senior may invite a guest who is at least a freshman in high school to this formal dance, but no older than 20 years old.

All students and adults entering and re-entering the prom will be required to take a personal breath test for alcohol. Anyone who fails this test, or appears to be under the influence of any intoxicant will be removed from the premises, and will be subject to any and all legal and/or school disciplinary measures.

**Students in violation of the attendance policies may not be permitted to attend the Junior-Senior Prom.**

**Student Council**

The Student Council of New Palestine High School is the elected government organization, which serves as a liaison among the student body, faculty, and administration. It sponsors a number of traditional social activities, such as Homecoming and special dances. It also conducts homecoming queen and king elections. The Student Council reviews constitutions for new clubs and organizations and conducts money-making projects. The profits from fund raising activities are used to finance the Student Council projects and the school functions. In the area of service, the Student Council assists in charity drives, sponsors a yearly blood drive and generally offers aid to any club or organization, which requests it. The Student Council is comprised of the three elected Student Council officers and the five representatives elected at large from each class.

Student Council membership requires that student participants observe the student discipline policy off campus and during non-school hours. Since Student Council participation is an honor and privilege, participation shall require a review of the
student code of conduct by parent and student, including certification of understanding through parent and student signature. It is the intent of this policy for students to assume personal responsibility for visible leadership in upholding the standards and expectations of representatives of our school.

In the event of violations providing cause for action, the violations and recommended disciplinary action for extra-curricular participants shall apply. Student Council members are expected to be a positive influence in the community, school, and family.

**Student Council Constitution**

Senior Class Offices:
1. Students running for student body president must have one or more years experience with student council and two teacher signatures.
2. Junior, Sophomore, and Freshmen Class Offices:
   Students must have at least two teachers’ signatures on their petition.

   *Students fail to attend three or more meetings (unexcused).*

   Once on probation, a student may be terminated from his/her position if the student fails to successfully fulfill his/her duties.

2. To participate in an extra-curricular activity, a student must arrive prior to 11:00 a.m.

**Violations and Recommended Disciplinary Action for Extra-Curricular Participants Other Than Athletics**

**CODE OF CONDUCT FOR EXTRACURRICULAR ORGANIZATIONS OTHER THAN ATHLETICS**

Participation in Extracurricular Organizations is a privilege which carries with it varying degrees of honor, responsibility and sacrifice. Since participation and competition are A PRIVILEGE AND NOT A RIGHT, those who choose to participate will be expected to follow the Code of Conduct for Extracurricular Organizations established by the administration and all other specific rules for their organization established by their coaches, sponsors, or national organizations.

These students represent their school and the student body and should be guided by the following CSCSHC Skills for Success: Motivation, Best Effort, Honesty, Respect, Responsibility, Initiative, Caring, Citizenship, and Acceptance. They are to conduct themselves in a manner that reflects positively on their families, the CSCSHC and the community.

**EXTRACURRICULAR ORGANIZATION DEFINED**

An Extracurricular Organization is defined as and includes all organizations, teams, or clubs who are school recognized or sponsored groups. These include, but are not limited to, the Academic Competitions such as Academic Decathlon, Super Bowl, Spell Bowl, Quiz Bowl, Speech Team, and Excel Awards; honor societies such as National Honor Society and Art Honor Society; Dramatic Arts groups such as the casts and support personnel of the Fall Musical, Spring Play, and the Thespians; and clubs such as Family Career and Community Leaders of America, Students Against Destructive Decisions, Students Against Violating the Earth; Student Council and Service Organizations such as the Ambassadors.

**SELF REPORT CLAUSE**
Definitions of Violations and Recommended Disciplinary Action

1. Since extracurricular participation is an honor and privilege, participation shall require a review of the Code of Conduct for Extracurricular Organizations by parent and student. Certification of understanding shall be demonstrated through parent and student signatures. It is the intent of the Code for students to assume personal responsibility for visible leadership in upholding the standards and expectations of representatives of our schools.

2. This responsibility requires that student participants observe the Code of Conduct for Extracurricular Organizations off campus and during non-school hours.

3. In the event of violations providing cause for action, the consequences regarding withdrawal of extracurricular privileges shall apply as stated in this handbook. In this event, the following disciplinary consequences shall apply:

   **Substance Abuse and Criminal Conduct**

   **Substance Abuse:** Is defined as the abuse or misuse of, the consumption of, possession of, and/or being under the influence of, the sale of, the distribution of, or providing another person with any substance which is or contains: tobacco, alcohol, marijuana, a stimulant, an intoxicant, a depressant, steroids, or hallucinogen, whether prescription or sold over the counter (non-prescription), or any substance represented by the provider to be any of the listed substances including electronic smoking devices, is prohibited. Any act that results in a student being assigned to an Alcohol and Drug Program by the courts or school is a violation of this rule.

   **Criminal Conduct:** Is defined as any activity which would be considered criminal conduct under Indiana Code. This includes violations such as, but not limited to, vandalism, stealing, extortion, forgery, misdemeanors, or any other violation which could warrant a criminal investigation. Any offense, which results in an agreement to withhold prosecution, is a violation of this code.

4. For violations of this type, the following disciplinary consequences shall be enforced:

   **1st Offense:** In any of the above categories
   
   The student shall be suspended for 50 percent of the total number of contests, events, and meetings for the year: The penalty can be reduced by 20 percent if the student “self-reports” within two week days, and another 20 percent if the student completes 20 hours of community service at the direction of the Principal. An student who completes both of these requirements would serve a 10 percent suspension.

   The penalty can be reduced by 10 percent if the student admits to the violation upon questioning, and another 10 percent if the student completes 20 hours of community service at the direction of the Principal. A student who completes both of these requirements would serve a 30 percent suspension.

   The student shall be suspended for 50 percent of the activities if he/she exercises none of the above options and is found to be guilty of the alleged offense.

   **2nd Offense:** In any of the above categories or combinations thereof

   Suspension from Extracurricular Organizations for one calendar year.

   The student may reduce this suspension in the following way:

   The suspension can be lowered to 180 days with a minimum of 40% of the season if the student attends counseling (at the student’s expense) relevant to his/her violation or 20 hours of community service at the direction of the Principal. Community service programs must be approved and directed by the Principal. Counseling programs must be approved by the Principal.

   **3rd Offense:** In any of the above categories or combinations thereof

   Career suspension.

5. Rulings relevant to the above categories may be appealed to the administrative team.

6. Any student convicted of a felony shall be declared ineligible for the remainder of the student’s career at his/her current school.

7. Any student involved in a police action or arrest may be suspended from participation until cleared by law enforcement, by the Court, or through the school’s investigation.
8. Conduct/behavior issues directly related to Organization's activities will be handled by the coaches or sponsors. Behavior issues outside of Organization's activities will be handled by school Administrators.

9. School discipline takes precedence over extracurricular events.

10. Coaches' or sponsors' decisions are not subject to appeal.

11. In the event that a violation occurs at the end a season, any remaining consequences would be carried over into the next season that the student participates “in good standing”. A student shall start with a “clean slate” when entering New Palestine High School. No consequences shall be carried over from Doe Creek Middle School to New Palestine High School.

12. If a violation of this Code of Conduct results in the student’s suspension for the remainder of the season, the student shall not be considered to be in good standing and, therefore, shall forfeit all awards for that year.

13. When calculating a student’s suspension, if the completion of a student's suspension falls in the middle of an event, the penalty will be rounded up to include the entire event (example; a 2.2 event suspension would be rounded up to become a 3 event suspension).

14. This Code of Conduct shall take effect beginning July 1, 2009. Any violations of this Code prior to the effective date hereof shall fall under the previous Code of Conduct and this Code shall not be applied retroactively.

A. political affiliations or beliefs of the student or his/her parents;
B. mental or psychological problems of the student or his/her family;
C. sex behavior or attitudes;
D. illegal, anti-social, self-incriminating, or demeaning behavior;

Parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation before the survey/evaluation is administered or distributed by the school to the student.

Additionally, parents have the right to inspect, upon request, any instructional material used as part of the educational curriculum of the student. The parent will have access to the instructional material within a reasonable period of time after the request is received by the building principal.

Notice of Parental Rights/Section 504

The following rights are those afforded to the parent/guardian of a student who is believed to be disabled under Section 504 of the Rehabilitation Act of 1973:

1. Your child will be evaluated before any decision is made regarding the initial placement or a subsequent significant change in placement in a regular or special education program. You have the right to an independent evaluation at your expense.
2. Any placement decision will be made by a group of persons who are knowledgeable about your child, the meaning of the evaluation data, and the placement options within the school corporation.
3. In addition to any evaluation data, the group will consider such other information as aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior when making any placement decision.
4. Any placement of the student will be with persons who are not disabled to the maximum extent appropriate to the needs of your student.
5. You have the right to examine your child’s education records and to exercise all other rights granted to you in The Family Educational Rights and Privacy Act (FERPA).
6. You have the right to request a hearing regarding any decision made by the school corporation with respect to the identification, evaluation, or educational placement of your child.
7. Upon receipt of a request for a hearing, the school corporation will appoint an impartial hearing officer (one who is knowledgeable about Section 504 and who is not an employee of the school corporation). The hearing officer will advise you within a reasonable period of time of the date, time, and place for the hearing. You have the right to be represented by legal counsel or any other representative at this hearing.

A copy of the Section 504 regulations will be given to you along with this notice. Any questions regarding your rights should be directed to the assistant superintendent of this school corporation.

Suspension: for students with disabilities, a temporary cessation of educational or related services constitutes a suspension. Before a student can be suspended, the student must be afforded an informal hearing, wherein the student is
entitled to a written or oral statement of the charges against him/her; if requested, a summary of the evidence against him/her; and an opportunity to explain his/her conduct. This informal hearing shall precede the suspension of a student unless the nature of the misconduct requires immediate removal of the student. For students with disabilities, suspensions shall not exceed five (5) consecutive instructional days or ten (10) cumulative instructional days in a school year.

Expulsion: Before a student can be expelled from school, the student’s parent shall be afforded the opportunity for a hearing before an appointed hearing examiner. For a student with disabilities, the hearing must be preceded by a case conference committee meeting. At such meeting, the case conference committee shall review the student’s behavior and determine whether the behavior is caused by, or is a manifestation of, the student’s disability. If the committee determines there is such a causal relationship between the student’s behavior and the student’s disability, the student may not be expelled. If, however, the committee determines there is no causal relationship between the student’s behavior and the student’s disability, the expulsion hearing may be initiated. In the event of the expulsion of a student with disabilities, educational and related services shall not cease. The case conference committee shall determine the educational services that will be provided during the expulsion period.

Parent Participation

A parent (including a guardian and custodian) of a dependent student shall be required to participate in any disciplinary action authorized under the Student Due Process Code, I.C.20-8.1-5.1, as well as the student discipline handbook of this school corporation, at the discretion of and upon notice by a school official.

Parent participation includes, but is not limited to, meetings, conferences, hearings, supervising after-school-home-study-time, reviewing homework, and assuring regular school attendance and attendance after school if necessary.

When a school official deems it necessary to require parent participation to resolve behavioral problems of a student, the parent shall be notified in the following manner: Written or telephone contact by a school official in advance of the meeting, conference, or hearing, followed by a letter of confirmation.

Upon receipt of proper notice, any parent, guardian, or custodian who fails to comply with the requirements of a school official to participate in the resolution of behavioral problems of a student whose conduct is repeatedly or seriously disruptive to the student’s own educational progress or to the progress of others may be referred to the Hancock County Office of Family and Children and the child may be considered to be a “child in need of services” in accordance with I.C.31-6-4-3(s)(7).

Students/Parents Pesticide Application Notice

Periodically throughout the year, it may be necessary that pesticides will be applied to internal areas of the school building and grounds. Whenever possible, pesticides will be applied during non-instructional time or school vacation periods when students and staff members are not present. For more information concerning the kinds of pesticides used, the procedures for application, and/or an application schedule, please contact the Director of Buildings and Grounds at (317)861-2129.

If a parent responds about a concern regarding a possible allergic reaction to the animal, the principal and teacher shall discuss options that may be considered.

**Idling School Buses and Other Vehicles on School Property**

Policy 8615 Idling School Buses and Other Idling Vehicles on School Property
Summary: The Board seeks to limit vehicle emissions that might be brought into school corporation buildings to reduce exposure to these emissions and to improve indoor air quality for students, staff, and visitors. This policy applies to all public and private vehicles on any school property. Drivers of vehicles are to turn off the engine if the vehicle is to be stopped for more than five (5) minutes with few exceptions.

**Change of Address**

If at any time during the school year a student moves to a different address, the change should be reported to the school as soon as possible. A changed telephone number should also be reported.

**Leaving Messages for Students**

There are rare occasions when it is critical for a student to be contacted during the school day. The office staff will support parents in these situations by delivering the message as promptly as possible to the student. Please utilize this service only when it is absolutely necessary the student be contacted during the school day.

**Non-Custodial Parent Information**

One goal of New Palestine High School is to keep the parents well informed of their child's progress and events at the school. In some instances, the student does not live with both parents. In these situations, we would like to provide the non-custodial parent with the school newsletter and additional information about New Palestine High School.

**Visitation of Non-Custodial Parents**

If a non-custodial parent is not to visit his child due to legal circumstances, the custodial parent should notify the school, and provide appropriate legal documentation.

**Personal Property**

Students are discouraged from bringing valuables, etc. to school. Neither the school nor school personnel will be responsible for individual student's personal property.

**School Improvement Committee**

The School Improvement Committee (SIC) is made up of parents, community leaders, teachers, and administrators. The plan is reviewed annually. For further information, contact the NPHS Principal at 861-4417.

**Response to Instruction (RtI)**

Response to Instruction is a multi-step approach to providing services and interventions to all students who may experience learning and/or behavioral challenges. The progress students make at each stage of intervention is closely monitored. The results of this monitoring are used to make decisions about the need for further research-based instruction and/or intervention in general education, in special education, or both. Due to the comprehensive and sequential nature of the process, RtI can take several months to complete.

**Notification**
If the screenings indicate that your child would benefit from interventions you will be notified of the school’s intent to initiate an intervention. Additionally, you will be updated on your child’s progress. If your child does not progress as anticipated the school may suggest a referral for special education evaluation, which requires your written permission. You are an important part of your child’s education and your questions or concerns are welcomed. These initiatives are provided in your child’s school at no cost to you.

**Benchmark Data & Progress Monitoring**

To implement the RtI process the student’s current levels of performance are determined using screening tests (Benchmark Data) and goals are identified for learning that will take place over time. The student’s academic and/or behavioral progress is then monitored on a regular basis (weekly, bi-weekly, or monthly). Progress toward meeting the student’s goals is measured by comparing expected and actual rates of learning. Based on these measurements, interventions are adjusted as needed.

**Intervention**

Using the results of the screening measures, a scientifically proven intervention is initiated to address the student’s needs. Following well-developed guidelines, decisions are made concerning a student’s academic and/or behavioral progress or lack of progress. Frequent progress monitoring helps determine the length and type of intervention the struggling student receives. This process insures that the intervention is accurately and consistently administered.

**Special Education Referral**

At any point in an RtI process a parent may request a formal evaluation to determine eligibility for special education. A multi-disciplinary team of qualified professionals would conduct the evaluation with input from the student’s parent. The multi-disciplinary team can include a building administrator, school counselor, general and special education teachers, school psychologist, speech/language pathologist or other specialists. As stated earlier, the RtI process is an integral part of any formal evaluation procedure. For those students who have been through the RtI process, there is a 20 school day timeline for evaluation and conference to determine special educational eligibility. For those students who have not completed the RtI process, there is a 50 school day timeline for evaluation and conference to determine special education eligibility.
Emergency Procedures

New Palestine High School has a school safety plan that prepares for incidents, and mitigates against their occurrence, directs how the school will react to an incident, and provides a means of recovering from the incident. Such plans shall also address preparedness for natural disasters, hazardous materials or radiological accidents, acts of violence, and acts of terrorism.

New Palestine High School, as with every other CSCSHC school, has a certified School Safety Officer that regularly inspects facilities, schedules, implements, and records all readiness exercises, and coordinates resources.

State law mandates a fire evacuation readiness exercise each month, and a tornado readiness exercise twice a semester. In addition to these mandated exercises, New Palestine High School also participates in readiness exercises that train staff and students in lockdowns and emergency responses.

During all emergency responses and exercises, students are expected to remain orderly, and quiet, and to follow all directions for the staff. Any student that interferes with the safe function of the school, or the successful implementation of a readiness exercise, may face disciplinary action. Any student that falsely reports an emergency (bomb threat, pulled fire alarm, etc.) may be suspended or expelled. In addition, school personnel will regularly meet with local, county, state, and federal first responders to plan out emergency responses. Student volunteers, with parental permission, may be used in realistic emergency simulations.

New Palestine High School’s emergency operations plans are reviewed and, if necessary, updated annually.

Types of Emergency Exercises

FIRE EVACUATION EXERCISES

All schools in Indiana are required to have monthly fire drills. Posted in each classroom is a diagram showing the nearest exit and route from the room to a safe location outside the building.

When the alarm sounds, all persons are to leave the building as prescribed by the drill regulations, which follows:

1. Students leave all books and materials on desks.
2. Form lines and proceed quietly from the room in single file, following directions posted in the room and explained by the teacher.
3. There will be no talking, laughing, or disorder of any kind.
4. Follow the assigned route quietly, with quick steps, but no running.
5. In the event your assigned route is blocked, students, under verbal directions of the teacher, should proceed to the next closest exit. Quiet is necessary in this eventuality.

6. All lounges, rest rooms, locker rooms, and offices must be cleared.
7. All groups should move at least thirty yards from the building. In case a fire is in progress, the instructor will move the group at least two hundred yards.
8. When the “all clear” bell sounds, classes will quietly re-enter the building in reverse order.

A building the size of New Palestine High School can be cleared in less than three minutes.

TORNADO DEEP SHELTER EXERCISE

All schools in Indiana are required to have two tornado drills per semester. Posted in each classroom is a diagram showing the nearest safe area and the route from the room to a safe location, if need be.

In the event of a tornado, students and faculty will proceed to their designated safe areas. There they will assume the safety position of sitting with their back to a wall, knees pulled up to their chests, and their hands over the back of their necks. Students will remain so until directed otherwise.
PREVENTATIVE LOCKDOWN
Preventative lockdowns are used to prevent outside influences from intruding upon the educational environment. They may also be used to increase security and accountability during severe weather alerts, or when it becomes necessary to restrict student movement. However, classes may still go on during this lockdown.

BOMB THREAT LOCKDOWN - POSSIBLE EVACUATION
This lockdown allows school staff to secure their students and their classrooms in the event of a bomb threat. Depending upon the situation, this may be followed by an evacuation.

EMERGENCY LOCKDOWN
This lockdown is to be used as a last line of defense to protect the children and staff from a hostile intruder.

POWER FAILURE
Since all the CSCSHC schools have several rooms without natural lighting, it is necessary to take special measures in case of electrical power failure.

All students are to remain with their teachers in their classroom locations. However, teachers in internal classrooms may wish to combine classes with teachers in external rooms.

If a failure should occur during a lunch period, students in the cafeteria are to move into the gymnasium under supervision of assigned teachers.

If a power failure should occur during a passing period, all students are to report directly to their next scheduled classes. An announcement will be made if it is necessary to dismiss school. Upon dismissal, students are to go to their lockers in an orderly manner, leave the building immediately, and wait for their transportation. There should be no running at any time. Students should report home upon dismissal.

School Closings
In case of school closings due to severe weather, the official announcement may be seen on TV stations. Notification will also be made using the parent alert system. Students and parents should not call the school, the CSCSHC office, or individual school employees.

School Delays
Many times a delay in the start of school is necessary. In case of a delay in the start of school, students are to report to their first class at the announced time.

Preschool Parents
AM Preschool meets from 10:20 to 12:20 on two-hour delay days, and the PM Preschool meets from 1:15 to 3:15 p.m.

Early Dismissal Procedure
Our first concern is the safety of our students. Should weather conditions warrant an early dismissal, it is imperative that students know their family emergency plan. Although we want to ensure that every student will have a place to go when dismissed early, it is not possible for the office to call every parent. We do, however, ask that you keep your child's enrollment information and emergency closing form up to date with emergency numbers and work phones. You can find out about early closure by listening to previously mentioned media sources.

Please take a few moments to sit down with your child(ren) and discuss the following questions:

**What should I do if school is called off early?

**What do I do when there is no one at my house when I arrive home?
Please go over your emergency plan with your child so that he/she will know what to do should an early dismissal occur. (The YMCA Before/After school program will be in place each day that school is in session - even during inclement weather/early dismissal).

**School Closing/Delay Decision Process**

The CSCSHC is aware of the impact that a school closing or delay poses on families so our goal is to make this as manageable for families as possible. While inclement weather is out of our control, how we manage delays and closures is well within our control. Our administrators do not take weather decisions lightly. Each delay or closure is made with the safety of our children being the top priority. At the beginning of each school year, families are reminded that there is always a potential for weather-related changes in the child’s school day. Families are encouraged to have a plan for these situations.

The Superintendent of the school corporation is always monitoring threatening weather that could result in a delay or closure of the school. All of the Hancock County Superintendents talk to one another when making the decision to delay or close school. When weather moves into the area that could cause the school to delay or close, administrators drive the roads to see what kind of travel hazards school buses may face. It is important to remember that our school corporation has some very rural areas and while the roads may seem fine in your area, they may not be accessible in some of our more remote areas. Also, it is important to factor in trying to navigate school buses through the neighborhoods. Once the roads have been evaluated, the Superintendent talks with the other area superintendents to advise of the plans our corporation has for delaying or closing, as well as to hear what the other corporations are planning to do.

Extremely cold temperatures can also affect the decision to close or delay school and guidelines for cold temperature decisions will be posted on our website during the winter months.

Inclement weather can also cause the school to dismiss early. It is important to remember your family’s inclement weather plan in the event of an early dismissal and provide that information to the school so that your child, as well as the school staff, knows the plan and what your child is to do if school closes early. This information will be gathered during the school registration process.

If you have a student driver, they are encouraged to ride the school bus during inclement weather. Our goal is to keep students as safe as possible.

When weather forces the school to delay, close or dismiss early you will be notified through various forms of communication. As long as you have updated your information in PowerSchool, you will receive a call through our alert system. Those messages are sent through phone, text and e-mail and based the choices you make for how you want to receive your message. We also report our school delays/closings on the major television stations, as well as on our website, through Facebook, and via Twitter. There are many ways to receive the message and we encourage you to monitor more than one media outlet. Anytime technology is involved, there is a possibility for error. Therefore, in an effort to ensure you receive the message, we encourage you to check the places where we post information. Fortunately we live in a time when communication can be virtually instant if you rely on more than one source.

Parents can always make their own personal decisions regarding their child’s attendance when inclement weather is involved. The safety of all students is of utmost importance.
